Colour Grade Options (Photo)

I've created different colour grading options to best suit different aesthetic preferences. These apply only for daylight shoots.

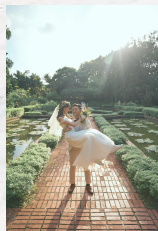

Provided are the several choices to choose from. [View more samples here \(Sort by Name\).](#)

Let me know which one best works for you. Alternatively, if you have a reference photo or moodboard, I can also replicate the look.

Azure Glow

Dreamy lighting with blue highlights

Pulled Film

Shadows are lifted and colours are pastel-like

Balanced

Lightly edited to capture authentic colours

Crisp

High contrast & sharp images

Kodak Portra 400 Inspired

Warm colours with muted highlights

Golden Glow

Radiant golden colours

Cinestill 800t Inspired

Contrasted look with cooler tones

Lavender Blush

Soft lavender tinge to complement greens

Fujicolor Pro 400h Inspired

Bright and balanced look with cooler greens

Muted Scene

Scenery is de-emphasized thus giving more focus on human subjects

Warm Verdure

Sunny morning greens

Kodak Gold 200 Inspired

Warm vibrant colours with gold skin tones
